

## General Information

---

### MAILING ADDRESS

101 East 15<sup>th</sup> St.  
2<sup>nd</sup> Floor  
New York, NY

### GENERAL DIMENSIONS

House: 13 Row House containing 99 Seats  
Stage: 22'-4" Wide X 18'-10" Deep with a grid Height of approx. 14'-1"  
Deck: 1/4" Masonite deck painted black with a 3/4" Plywood Subfloor on a poured concrete

### LOADING

All Loading occurs directly from 15<sup>th</sup> Street from the Front of the Building. Access is gained through a standard door that separates the House from the lobby. Therefore, **ALL SCENERY MUST NOT EXCEED 6'-10" x 2'-10"**

### ENTRANCES

The only Entrance directly on to stage from the dressing rooms is from a door Up Stage Right. Additional entrances may be made from the house.

### Effects

ALL EFFECTS MUST BE APPROVED BY THE DR2 GENERAL MANAGER BEFORE USE. Companies must submit notice to the DR2 **three weeks prior** to the show opening of any effect used. This includes Fog, Smoke and Water. Any open flame permits must be secured no less than 2 days before tech begins at the time and expense of the production. All testing must be scheduled and the technical director must be present. Failure to do so will incur fines.

### RIGGING

There is a permanent Pipe-Grid over the stage and much of the house.  
Point loads on this Grid must not exceed 200lbs.  
All overhead rigging **MUST** be approved by the DR2 Technical Director

### SOFTGOODS

Inventory available upon request.

### DRESSING ROOMS

2 Dressing rooms are available. Dressing room 1 is 10'10" x 9'3". Dressing room 2 is 15' x 12'. There are no monitors in the dressing rooms.
